McGibeny family at the Congregational church Monday evening.

Don't forget the concert at the Congregational church Monday evening.

Rev. Dr. M. G. Hodge, of this city will act as chaplain of the Fourth of July celebration.

A rare treat in store for all lovers of music, at the Congregational church next Monday evening.

Services will be resumed in All Souls church to-morrow morning. Sunday school at the usual hour.

The finest concert of the season will be given by the McGibeny family, at the Congregational church, Monday evening.

Wheeler & Stevens, the active real estate agents, offer the Commercial hotel (formerly the Davis house) for sale on reasonable terms. See their advertisement.

The building committee of the county board of supervisors, consisting of Messrs. Rathbun, Ward and Gardner, are in consultation this afternoon, on matters referred to them by the county board.

Beloit is now making another attempt to get up a celebration on the Fourth. They might save money and have a good deal more amusement by coming up to the county seat on that day and take in our big show.

The Catholic coroner had returned home this noon from their Dubuque military occupation, where they have been for the past week. The members looked well, and were in good spirits, pleased with the excellent treatment received while abroad.

The funeral of Mr. Thomas Monahan was held in St. Patrick's church at 9:30 o'clock this morning, and was largely attended, the services being conducted by Rev. Father McGibony. The remains were taken to the Catholic cemetery for interment.

A gospel temperance meeting will be held by the Women's Christian Temperance Union, at the rooms of the Y. M. C. A., at three o'clock to-morrow afternoon, in place of the usual meeting held by the young men. All are cordially invited to attend.

To-day is not only the longest, but it is the hottest so far of the season. According to the calendar the sun rose at 4:23, and set at 7:59, and the thermometer indicated 74 degrees above zero at 7:00 a. m., 87 at 1 p. m., and 85 at 3:00 p. m., partly cloudy all day, with a light south wind.

The Perry patent road cart, sold exclusively by Mr. Herman Buchholz, is considered the best cart in the market. Mr. Buchholz invites the public not only to call and see them, but to buy on and try them. He is also manufacturing the Lightning jump seat carriage, which are extra light and very convenient for a family carriage. Call and examine his goods.

The champion starboarders of the season were left at our office this afternoon by Mr. Frank Fellows, of Glen street, second ward. They are of the Wilson variety, and talk about quarantining them for an ordinary sized month, the smallest ones would have to be run through a "feet-cutter" to bring them down to table size. They were Jumbo's, and Mr. Fellows says they are but a fair sample of his crop this season.

The young hoodlums had a regular stone throwing two over in Center avenue last evening, and for a time made trouble lively. One lady, who was passing, was hit on the head and knocked down, and we hear that one of the gas lamps was smashed. The young men guilty of the last act are well known, and perhaps will be called upon to pay a handsome little fine—there being a reward of ten dollars offered for their arrest.

It is strange, but it appears to be a sort of epidemic with the average Beloit sports, "siding a horse-race in this city. Last evening one of the "sports" from the state line, while endeavoring to console himself upon the fact that he held the pool ticket on the wrong horse, imagined he could whitewash the town, and the marshal gave him a room in the county jail, that he might cool off, and go home to-day in better condition.

There seems to be a good deal of "kneeling" about the exact location of the new cross-walk on Milwaukee street, in the neighborhood of the post-office, which is a very difficult matter to settle to the satisfaction of all. The blocks were all prepared and piled up in front of the post-office, ready to be laid, but this morning they had disappeared, the street commissioner knows not where, but thinks they will turn up when the location of the walk is settled to the satisfaction of certain parties.

"It is said" by members of the Catholic temperance organization, that the local editor of the morning sheet must have been very hard up this morning to publish such a dirty flag at the gentleman who were delegates to the recent Catholic Temperance convention in this city. All will admit that the delegates were sober, intelligent men, and would not lose any in comparison with any similar gathering ever held in this state, and to thus accuse them of publicly or privately indulging in any bacchanalian revelry, is unequalled for to say the least.

Hon. Wm. A. Lawrence received a letter this morning from Mr. William DeWolf, of Whitewater, announcing the death of his son, Willie, which occurred on Thursday, June 19th. The deceased was visiting at Colorado Springs at the same time that the late Frank A. Lawrence was there, both being sufferers by the same disease, and same age, they became warm friends. Both returned home about the same time, and since have kept up a correspondence, regarding the treatment each was receiving. Young DeWolf was informed of the death of Mr. Frank Lawrence, and the next morning brings back the above sad answer. The funeral takes place in Whitewater to-morrow afternoon.

Colonel W. B. Britton met with a severe and painful accident at Madison on Thursday evening, which disabled him from participating in the military encampment at Madison. In the hurry of changing cars at Madison on Thursday afternoon, while enroute for Madison, in stepping from the cars while in

motion, the Colonel missed his footing, and fell with great force to the platform. His right leg was severely bruised, but he was taken aboard the Madison train, and went through in company with Surgeon General Palmer, but was so crippled that he was compelled to remain in his room. He returned home this morning, and is now confined to his home. It is thought that nothing serious will result, and in a short time the Colonel will be all right again.

The young ladies employed in the Thoroughgood & Co. box factory to the number of eighteen, are having a jolly time to-day picnicing out in the town of Harmony. Miss Ella Foster, who was formerly employed in the factory, is now teaching school in that town, and the young ladies, her former associates in the shop, learning that her school was to have a picnic to-day, intimated to the proprietors that they would like to take a holiday, and join the picnicers in the country. With that generous liberality for which the proprietors of the factory are noted, they engaged a four-horse carriage of the Nelson Bros and informed the young ladies that it was at their disposal. Eighteen of the number accepted the generous offer, and in an early hour they were off to the country, well supplied with well-filled lunch baskets, to feast on a happy surprise to their former shop-mate, and of having a pleasant holiday. That the ladies will remain at their homes this evening feeling greatly refreshed with their door amusement, and with kindred thanks to the proprietors of the Thoroughgood & Co. factory for the "day off," none who know them will doubt.

The annual inspection of the Milwaukee fire department took place on Wednesday, and according to the Sentinel, was participated in by all the city officials. The quickest time made in hitting was 8 1/4 seconds, by a hook and ladder company, and the slowest 1 1/4 by No. 6 engine. The Sentinel gives this account of a performance by the "Pompey" company, which we publish for the benefit of our firemen: "Truck company No. 3 gave an exhibition with their Pompey life-saving system [at their home on Glen street, making quick time in reaching the top of the tower, which is equal to a five-story building. During the heavy rainstorm one of the firemen uttered himself in female garments, and wearing a large wig, thrust his head out of a window near the top of the tower, and saying that she was buying gelatin on the fireman, who were on the sidewalk below, to save her life, and then disappeared. One of the firemen, with a pompadour ladder, immediately started up the outside of the tower, and made rapid time until the window was reached. He quickly appeared again with 'the woman' securely fastened to him by means of a rope, and gradually worked down until the sidewalk was reached and 'she' was saved. The rescue caused considerable amusement for the crowd."

"Bozenta" at Prentice & Evenson's.

Our Present Blessings.

Our blessings are not appreciated until we are deprived of them. Most noble among them is health, the lack of which magnifies all other burdens. A hacking cough, a severe cold or any throat or lung disease is very troublesome, but all these may be quickly and permanently removed by Dr. Bigelow's Positive Cure. Trial bottles free, of Stearns & Baker.

The Camp Meeting.

Notwithstanding the rain the Glen Lake camp meeting, which opened on Monday and closed this morning, has been well attended, and the occasion has been profitable to the Methodist churches throughout the district. About twenty ministers have been in attendance and the meetings conducted as such meetings usually are.

Quite a delegation was present from this city, the first Methodist church especially being well represented. The camp ground, on the south side of the lake, is very pleasant and well adapted to open air meetings. A few hours spent in a camp of this kind, brings to mind vividly the old-fashioned camp meetings of twenty years ago, when people came for fifty miles around and pitched their tents by the dozen in the grove, giving a week to social, religious worship; that they were considered a source of good was shown by the fact that year after year they were faithfully observed. Of late years, however, in certain localities, these meetings have lost their popularity, and are looked upon as a relic of the past. Much of the effort that made the camp-meeting enthusiastic and prosperous, is now turned into other channels of church work. Lake Bluffs and a few other resorts located near large cities are still patronized by a sufficient number of people to make the meetings successful, but Chautauque, Lake Monona, Clear Lake, Iowa, and Clear Lake, where all denominations come together, and spend the time in bible study, and combine recreation with moral and mental improvement, have largely taken the place of the old-fashioned camp-meeting. The greatest good to the great state is a moral well adapted to a progressive age, and the moral and religious sentiment of the country fully appreciate it.

The best is always the cheapest. Dr. J. M. Crawford's "Positive Cure" is the best as well as the cheapest. Price 25 cents, sold by Stearns & Baker.

The Weather.

At seven o'clock this morning the thermometer was 74 degrees above zero. Partly cloudy with west wind. At one o'clock, the thermometer was 87 degrees above zero. Partly cloudy, with south wind. For the corresponding hours one year ago the register was 63 and 82 degrees above zero.

Dr. Price's Special Flavoring Extracts are not made up from chemical poisons, but natural flavors, delicate and grateful to the most cultivated palate. The special recommendations of Dr. Price's Flavors are, that their purity is perfect, their strength so much greater than other extracts. Buy these Flavors, they are the best made.

The McGibeny Family.

The famous family of musicians will give one of their splendid concerts in the Congregational church, on Monday evening, for the benefit of the Y. M. C. A., which will be an opportunity for our music-loving people to hear a concert of rare merit. The A. C. Times says: "The family is in every way at its native element. The music furnished was of an excellent order, and demonstrated that the family have complemented excellent natural talent with industrious application and study. The musical features, too, were pleasantly interspersed by some recitations and costume acts on the part of the very little people, which drew out the enthusiastic appreciation of the audience."

Personal.

Dr. Q. O. Sutherland and wife returned from the east this afternoon.

Mr. F. W. Coon, of the Edgerton Tobacco Reporter, is in the city to-day.

Mr. O. C. Clark, of Sauk Centre, Minn., is in the city visiting relatives and friends, and is the guest of her sister, Mrs. S. A. Cary.

Rev. G. W. Dumbear, chaplain in the U. S. A. and a former rector of Christ church parish, will officiate in that church to-morrow morning.

J. R. Doherty and son arrived this morning from a trip through Minnesota and Dakota, they report having had a pleasant trip.

Rev. Dr. M. G. Hodge returned home last evening from Kalamazoo, where he has been the past week, attending the wedding of his son, Mr. Frank M. Hodge, and visiting his former parishioners.

Mr. J. D. King, one of the U. S. postoffice inspectors, returned home yesterday from a trip to Montana, and will remain over Sunday with his family. Yesterday he and his family celebrated his twelfth wedding anniversary in a most happy manner.

Miss Clara Reed and Mr. Charles Tyrrell were married at the home of the bride's parents, Mr. and Mrs. Ovid Reed, of Darion, on Wednesday, June 18th. Rev. Mr. Holmes, of Delavan, officiating. The bride has many friends in this city, who will wish her a long and happy life. Mr. and Mrs. Tyrrell will reside in Darion.

The Trinity church parish have extended a call to Rev. Wm. J. Dwyer, D. D., of New Hampshire, and hope to receive a favorable answer within a week or two days. The reverend gentleman is a man of large experience and has been very successful in his work. The many friends of Trinity church will be pleased to learn of his acceptance, and welcome him to a home in the Bowler city.
